

Mohib Tariq

Website Developer at Technisia

I am a front-end web developer skilled in creating user-friendly and visually appealing websites. I specialize in frameworks like Next.js and have experience with multi-language support, dynamic routing, and responsive design. I am currently expanding my knowledge of back-end technologies like Node.js and MongoDB. My projects focus on interactive features, authentication systems, and modern web development practices.

Skills & Strengths

- Next.js
- Tailwind css
- Shad/cn
- React
- MongoDB
- Vercel
- ReactJS

Experience - 1 year

Front-End Developer

TECHNISIA - Lahore, Pakistan | Aug 2023 - Present

As a front-end web developer, I specialize in creating intuitive interfaces and seamless user experiences. I have strong expertise in Next.js and other modern JavaScript frameworks, with a focus on dynamic routing, multi-language functionality, and responsive design. I am passionate about learning new technologies and am currently diving into back-end development with Node.js and MongoDB to become a full-stack developer. My projects often include interactive features, authentication systems, and scalable solutions, showcasing my commitment to clean and efficient coding practices.
